

WEJDAN

HUMAN-COMPUTER INTERACTION · UX / UI DESIGN

Makkah, Saudi Arabia · wejdan4458@gmail.com · wejdan.info

PROFILE

HCI graduate focused on user research, interaction design, and clear digital experiences. I connect research findings to practical interface decisions, prototype flows, and document work so teams can build on it.

EDUCATION

B.Sc. in Human-Computer Interaction (HCI) · Umm Al-Qura University, College of Computing

GPA: 3.59 / 4.00 · Second Honors

EXPERIENCE

Guest Experience & Quality Co-op · Fairmont Makkah Clock Royal Tower

Mar 2025 – Aug 2025

- Analyzed guest feedback using TrustYou to identify recurring experience themes.
- Supported customer-journey mapping and service-quality review work, including LQA-related tasks.
- Contributed to reviewing digital guest touchpoints as part of the Guest Experience & Quality function.

SELECTED PROJECTS

Arcadea · Flutter game-backlog tracker

Two-person course project. Led the Figma design-system foundation; designed and prototyped 11 of 23 screens; implemented six Flutter screens and interactions for authentication, search, filtering, and statistics.

Mishkat · Wellbeing app concept for gifted students

Team HCI project grounded in 15 interviews and 287 valid survey responses. Individual contribution focused on storyboards and the information-architecture/navigation-flow proposal; team testing and outcomes are documented in the case study.

SKILLS

UX: User research · Usability testing · Information architecture · Journey mapping · Wireframing · Prototyping · Design systems

Tools & technology: Figma · FigJam · Flutter · Firebase · HTML · CSS · JavaScript · Power BI · Notion
